Run wires neatly down the channel in both parts ensuring they do not get trapped or squashed

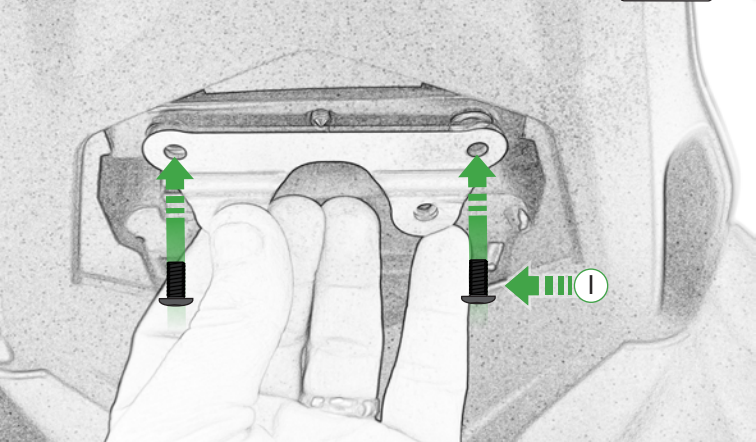

S 1000 RR  
2019 - 2020

S 1000 RR 2021+  
M 1000 RR 2021+

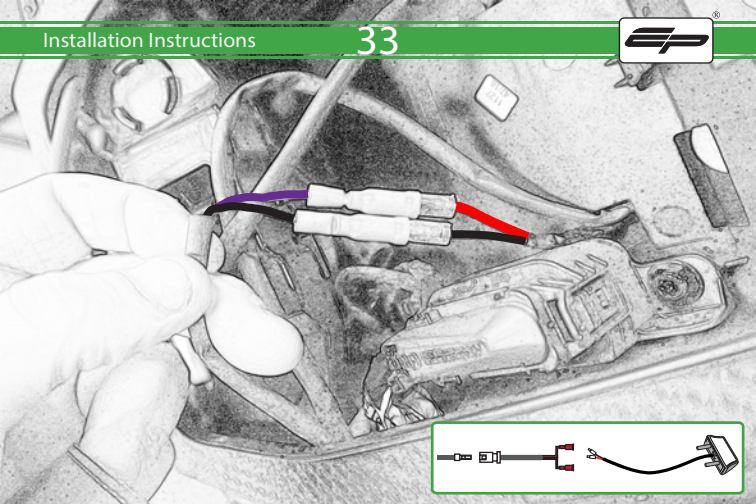

Run wires neatly down the channel  
in both parts ensuring they  
do not get trapped or squashed

 **ESSENTIAL CHECKS** 

After installation of your tail tidy ensure that the licence plate does not contact the rear tyre when suspension is fully compressed.

Ensure all electrics including indicators, tail light, brake light and licence plate light lights are working correctly before riding the motorcycle.

It is recommended that periodic inspections are made to ensure that all fixings are fully tightend.
